

UK Research  
and Innovation

# Research Culture and Integrity

UKRIO webinar, 6 May 2020

Rebecca Veitch, Frances Downey, Neil Jacobs

# Foundations for excellent research and innovation

UK Research  
and Innovation

## Leading talent

Nurturing the pipeline of current and future talent

## A trusted and diverse system

Driving a culture of equality, diversity and inclusivity providing the best opportunities for individuals and teams of people from all backgrounds to thrive

## Openness and transparency

Supporting the development of a research and innovation system that is accessible, transparent and cooperative

## Research culture

Promoting the highest standards of research, collaboration and integrity.

# UKRI Coronavirus Hub

<https://www.ukri.org/research/coronavirus/>

The UKRI Coronavirus Hub gives you the latest information on the vital work of UKRI and our community in response to the crisis, what grants and awards we have made, and our continuing call to fund your ideas to limit the outbreak and protect life.

## Submit your research and innovation proposals

UKRI open call for research and innovation ideas to address COVID-19.

## Guidance for the research and innovation communities

The impact of COVID-19 on UKRI-supported research and innovation.

## Research and innovation action

How the UKRI communities are tackling COVID-19.

## Coronavirus: the science explained

*Coronavirus: the science explained* lays out the evidence and the facts about the virus, the disease, the epidemic, and its control.

## COVID-19: Research and innovation supported by UKRI

UKRI is committed to funding projects and programmes in response to the COVID-19 pandemic.

## Latest news

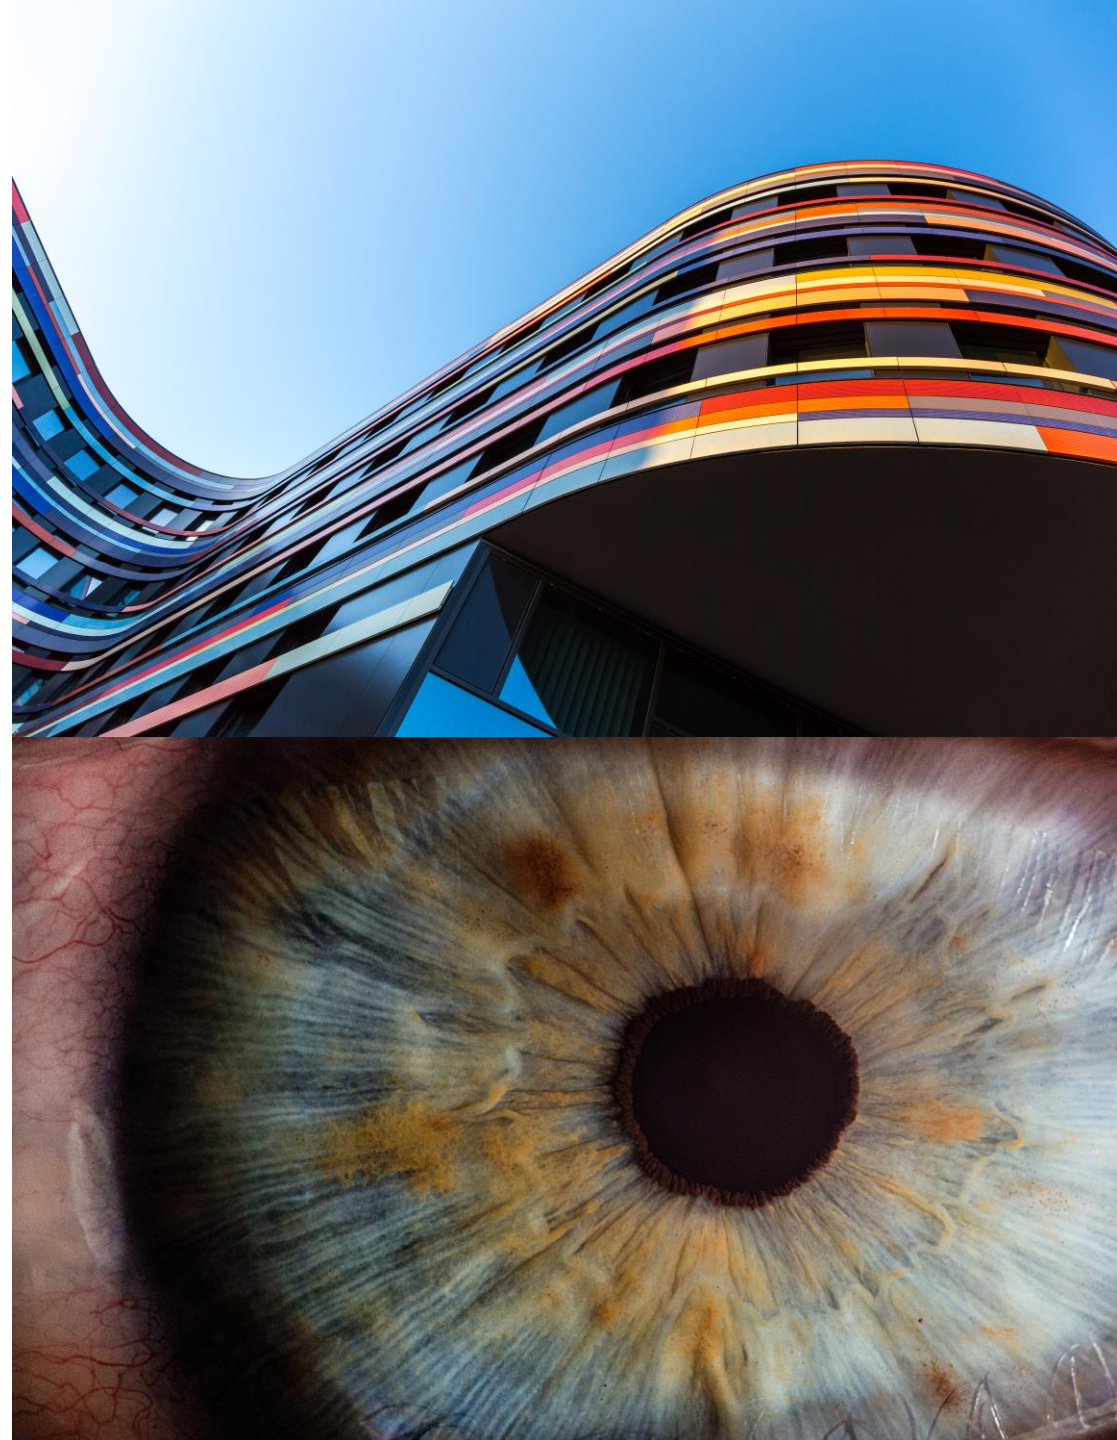

See our latest UKRI coronavirus news.

# The UK Research Integrity Committee

STC recommendations for its aims:

1. **second line of assurance** for self-regulation of research integrity
2. **leading voice on research integrity**

Independent Chair and Panel membership under the auspices of UKRI.

# The UK Research Integrity Committee

## Progress

- establishing the team
- sector engagement on the purpose and remit of the Committee
  - (academics, professionals, other funders, Concordat signatories, international)

## Next steps, at the right time

- develop proposal for Committee
- sector consultation
- Committee established (pilot)

# Questions and answers..

The current emergency is affecting research in many ways.

What are you finding to be the most significant ways in which it is affecting research integrity?

UK Research  
and Innovation

# Thank you
